

It is not considered that the proposed development would affect any of the matters listed in Schedule 3 (sections 1a-g) of the Regulations in such a manner that an EIA would be required as follows:

- a) The proposal relates to the alteration of a 5.3KM stretch of Dudley Road and sits within an existing urbanised location where alteration and improvements to the road network would not be unusual.

There are a number of infrastructure projects in the near vicinity of the proposed

- development. These aim to mitigate potential transportation issues.
- c) The site is unlikely to have any significant impact in relation to the use of natural resources given its context.

- d) The intensity and complexity of this proposal would be assessed through the normal highways infrastructure controls and other relevant regulations.
